Steele Burting

OFFICE OF SOLID WASTE AND EMERGENCY RESPONSE

MEMORANDUM:

SUBJECT: Inadvertent Disclosure of Information on Reilly Tar and Chemical Site

FROM:

Russel H. Wyer, Acting Director

Hazardous Site Control Division (WH-548-E)

TO:

Addressees

Robert Polack, the General Counsel for Reilly Tar and Chemical, has been hired as a Consultant to John P. Horton, EPA's Assistant Administrator for Administration. Mr. Horton has instructed Mr. Polack not to request files or information concerning Reilly Tar and Chemical or the St. Louis Park Site in Minnesota where Reilly Tar and Chemical is involved in a Superfund action. He has also asked that EPA personnel and contractors exercise care not to inadvertently disclose confidential information to Mr. Polack.

No information concerning the St. Louis Park site, other than public information, may be released to anyone not directly associated with the Superfund action unless prior approval is obtained from the EPA Headquarter's project officer, Nancy Willis (telephone No. 382-2339).

Your cooperation in this matter will ensure Mr. Polack does not receive information on the St. Louis Park site not generally available to the public.
